2020/21 Year-end Checklist for Business

Many of our business clients like to review their tax position before the end of the income year and evaluate any strategies that may be available to legitimately reduce their tax. Traditionally, year-end tax planning for small businesses is based around accelerating deductions and deferring income. However, this year, consideration will also need to be given to the impact of the COVID-19 pandemic.

Small Business Entities ('SBEs') – i.e., those with an aggregated turnover of less than \$10 million – often have greater tax planning opportunities due to certain concessions only applying to them. Further, SBE taxpayers generally have the flexibility of being able to pick the concessions that suit their circumstances.

The following are a number of areas that may be considered for all business taxpayers.

Maximising deductions for non-SBE taxpayers

Deductions can be maximised for non-SBE business taxpayers by prepaying expenses, accelerating expenditure and/or accruing expenses that have been incurred.

Prepayment strategies (non-SBEs)

Any part of an expense prepayment relating to the period up to 30 June is generally deductible.

In addition, non-SBE taxpayers may generally claim prepayments in full for expenditure that is:

- under \$1,000;
- made under a 'contract of service' (e.g., salary and wages); or
- required to be incurred under law.

Accelerating expenditure (non-SBEs)

Accelerating expenditure involves bringing forward expenditure on regular, on-going deductible items.

This is a useful strategy because business taxpayers can generally claim deductions for expenses they 'incurred' during 2020/21, even if the expenses have not actually been paid by 30 June 2021.

The following may act as a **checklist** of possible accelerated expenditure for 2020/21:

□ Depreciating assets - Non-SBEs with an aggregated turnover of (generally) less than \$5 billion can fully expense eligible assets, regardless of cost, that were first acquired and used (or installed ready) for business use from 7:30pm (AEDT) on 6 October 2020 to 30 June 2021.

Note: Non-SBEs may choose to opt out of full expensing on an asset-by-asset basis.

If full expensing does **not** apply to a particular asset (or an opt-out choice is made), non-SBEs with an aggregated annual turnover of **less than \$500 million** can generally claim:

- an immediate deduction for eligible assets costing less than \$150,000 that were acquired from 7:30pm (AEDT) on 2 April 2019 to 31 December 2020 and were first used (or installed ready) for business use from 12 March 2020 to 30 June 2021; or
- for assets costing \$150,000 or more, a 50% accelerated depreciation concession for eligible new assets first held and used (or installed ready) for business use from 12 March 2020 to 30 June 2021 (unless an opt-out choice is made for an asset).

In addition to accelerating expenditure on various business items, SBE taxpayers that use the

simplified SBE depreciation rules may claim the

following 2021 deductions (if applicable) in relation

to depreciating assets:

Additional possible accelerated expenditure could also include the following:			(i.e., regardless of cost) first acquired and	
	Repairs.		first used (or installed ready for use) for business purposes from 7:30pm (AEDT) or	
	Maintenance.		6 October 2020 to 30 June 2021.	
	Consumables/spare parts.		Note that, SBE taxpayers choosing to use the	
	Advertising.	(simplified SBE depreciation regime cannot directly opt out of temporary full expensing (i.e., if it applies).	
	Fringe benefits – Any benefits to be provided, such as property benefits, could be purchased and provided prior to 1 July 2021.	\//h	ere temporary full expensing does not apply:	
			. ,	
	Superannuation contributions to a complying superannuation fund, to the extent contributions are actually made (i.e., they cannot be accrued but must be <i>paid</i> by 30 June).	_	An SBE taxpayer may be entitled to claim an immediate deduction for eligible depreciating assets costing less than \$150,000 that were first used or (installed ready for use) for business purposes by 30 June 2021	
	Accrued expenditure (for all business expayers - including SBE taxpayers)		Alternatively, assets costing \$150,000 or more are allocated to an SBE taxpayer's general small business pool.	
Business taxpayers (including SBE taxpayers) are entitled to a deduction for expenses incurred as at 30 June 2021, even if they have not yet been paid.			Note that, SBE taxpayers using the simplified SBE depreciation regime cannot opt out of temporary full expensing with regards to their	
Examples of expenses that may be accrued include:			general pool. As a result, the closing pool

	worked but have not been paid as at 30 June 2021;	cor	Therefore, if appropriate, SBE taxpayers sho consider purchasing and using (or installing) the items by 30 June 2021.	
•	interest – any accrued interest outstandingon a business loan that has not been paid;	Prepayment strategies – SBE		
•	commissions – where commission payments	SB	E taxpayers making prepayments before 1 July	
•	are owed to employees or other external parties;	202 yea	2021 can choose to claim a full deduction in the year of payment where they cover a period of no more than 12 months (ending before 1 July 2022).	
♦	fringe benefits tax ('FBT') – for example, if an FBT instalment for the June 2021 quarter is due but is not payable until July, it can be accrued and claimed as a tax deduction in 2020/21; and directors' fees – where a company is definitively committed to the payment of a director's fee as at 30 June 2021, it can be claimed as a tax deduction.			
•		Otherwise, the prepayment rules are the same as for non-SBE taxpayers.		
		The	e kinds of expenses that may be prepaid include:	
			Rent on business premises or equipment.	
			Lease payments on business items such as cars and office equipment.	
			Interest – check with your financier to determine if it's possible to prepay up to 12 months interest in advance.	
Maximising deductions for SBE taxpayers Deductions can be maximised for SBE taxpayers by accelerating expenditure and/or prepaying deductible business expenses (and also by accruing expenditure - refer above).
